

Sponsorship Opportunities

Reach New Hampshire's Leaders
At the First Leadership New Hampshire Alumni Conference

Who:

New Hampshire prides itself on civic engagement and our curriculum reflects those values. LNH annually recruits, on a competitive basis, 38 leaders to participate in a 10 month-long process of immersion in the history of New Hampshire and the issues, challenges, and opportunities in the state.

Leadership New Hampshire has graduated nearly 900 alumni who are employed and/or serve in a broad cross section of New Hampshire industries, agencies, nonprofit groups, and political organizations.

LNH Alumni are leaders who live and work throughout the state. They have a deep understanding of New Hampshire's issues and advantages and are able to build connections with other alumni to help the state and its citizens.

What:

Building on the momentum of LNH's 25th Anniversary event in May, the LNH Alumni community will present the first ever LNH Alumni Conference, a full day of networking, learning about critical issues facing NH and identifying opportunities to collaborate and leverage skills for the betterment of New Hampshire.

The event will be held on October 20, 2017 at the beautiful Alnoba Conference Center in Kensington, NH.

Why:

This first-ever LNH Alumni Conference will bring LNH graduates together from classes spanning 25 years: 1992 to 2017.

This day-long networking and learning event is expected to inspire new prospects for collaboration among Alumni and speakers and to have a lasting effect on business activities and social and civic engagement throughout New Hampshire.

Putting your company, products, services or advocacy issues in front of this important group of New Hampshire leaders will keep you top of mind for now and in the future.
